

The prestigious Chartered Financial Consultant (ChFC) and Chartered Life Underwriter (CLU) designations are awarded by the Singapore College of Insurance under license from The American College.

### How Can You Earn Additional Designations?

If you are an FChFP designee (through the Executive or Modular FChFP programmes only), you can obtain the ChFC designation by completing the Advanced Modules in Financial Planning. In addition, after you have obtained the ChFC designation, you can also earn the CLU designation by completing the Advanced Modules in Life Insurance.

### ◀ BENEFITS to Participants ▶

- Gain **two academically rigorous** and **prestigious** professional designations in financial planning and life insurance - in one combined programme.
- Effectively apply a comprehensive financial planning process to tailor-make solutions to meet clients' financial needs, including planning for business-owners, professionals and wealthy clients.
- Acquire specialist life insurance knowledge, including knowledge on life insurance law and group benefits.
- Learn from a pool of successful practitioners on how to apply the knowledge learnt towards building a professional life insurance / financial planning practice.

### Here's what a recent graduate said about the programme:

*"I find the ChFC programme useful as it enables me to know more about personal planning, tax organisation, business planning, as well as to acquire more in-depth knowledge in all areas. The ChFC is a well-recognised designation in the industry and this gives me credibility and support in my counselling and advisory activities. The ChFC values will be my inner compass guiding me to place my clients' interests before business interests."*

IFPAS joins SCI in marketing the ChFC/CLU programmes to IFPAS' FChFP designees.
